

Wildog Accessories

Installation instruction

PRODUCT DESCRIPTION:

- Isuzu KB 6 Gen 7 Alpha Rear Bumper

PRODUCT SAFETY & LEGAL DISCLAIMER

• **IMPORTANT READ ALL INSTRUCTIONS CAREFULLY BEFORE INSTALLING. FAILURE TO DO SO MAY CAUSE PERSONAL INJURY OR DAMAGE TO PRODUCT AND/OR PROPERTY.**

- Review the product package and contents prior to beginning the installation.

Take care when opening the packaging and removing items. If a return is needed you will want to return the product in its original packaging if possible.

- This instruction guide is provided as a GENERAL installation guide, some vehicles vary dimensionally and may require additional steps.
- Test fit the product on the vehicle prior to any third party modifications and or finishing. The manufacturer and/or distributors do not accept responsibility for third party charges, labor and or third part replacement modifications. Some modifications may void the factory warranty.
- Exercise due-diligence when installing this product. The manufacturer and distributors of this product do not accept any responsibility for vehicle damage or personal injury resulting from the installation of this product. Careless installation and operation can result in serious injury or equipment damage.
- This product is for general off-road use. All liability for installation and use rests with the owner/operator.

Please insure that all parts and fasteners are accounted for before starting the fitment, if any parts are not included please give us a call on [065 100 62525](tel:06510062525) or [074 227 1524](tel:0742271524) and we will gladly assist you.

ESTIMATED TIME FOR INSTALLATION:

2-3 hours

Please follow the necessary steps to complete your fitment.

BEFORE

AFTER

STEP 1

Remove the following from the vehicle:

- Plastic bumper
- All Wiring and harnesses for the standard bumper.

Wildog Accessories

Installation instruction

STEP 2

- Remove the standard rear tow bar from the vehicles standard chassis mounts. If there is an existing towbar.
- Mask the corners of the body and spray black.

Step 3

- Fit the Supplied spine to the chassis legs.

Wildog Accessories

Installation instruction

Step 4

- Tighten the bolts on the Spine/Chassis and torque to 95NM.
- Spray the bolts and mark with paint marker after tightened.

Step 5

- Fit the Supplied Shell to the spine and fasten the recovery point on the shell.
The recovery point mounts through the spine and shell to secure the shell to the spine.

Wildog Accessories

Installation instruction

STEP 6

- Insert the PDC Holders into the existing holes on the bumper from the front side and then insert the sensor from the rear into the original holder

PDC Sensor and

PDC Harness

holder

STEP 7

- Reconnect the PDC sensors to the existing harness.
- Reconnect the Blindspot assist radar located at the rear corners of the bumper.
- Connect the numberplate light on the bumper to the existing harness of the vehicle.

Blindspot Assist Radar

Wildog Accessories

Installation instruction

- Please ensure that all parts and fasteners are fitted and tightened before letting the vehicle leave your premises.
- Retention all fasteners after 3 months or 500KM of installation to ensure all parts are still fastened and safe for the client.

Here is too many safe adventures.

A Warranty form is included with all Wildog Accessories orders placed, please insure that it is completed with every fitment and retention of the bumper if there is no Warranty form completed your 1 year Warranty on the bumper will be voided
